

LANE TRANSIT DISTRICT
STIF ADVISORY COMMITTEE

Tuesday, January 8, 2019
3:30 p.m. to 5:00 p.m.

LTD BOARD ROOM
3500 E. 17th Avenue, Eugene

AGENDA

- I. CALL TO ORDER
- II. ROLL CALL
- III. AGENDA REVIEW
- IV. AUDIENCE PARTICIPATION
- V. VICE-CHAIRPERSON ELECTION
- VI. TIMELINE
- VII. PROJECT PRIORITIZATION OVERVIEW
- VIII. PROJECT SUMMARY
 - a. LANE TRANSIT DISTRICT
 - b. COTTAGE GROVE
 - c. LANE COUNCIL OF GOVERNMENTS
- IX. PROJECT PRIORITIZATION DISCUSSION
- X. NEXT/FUTURE MEETING AGENDAS
- XI. ADJOURNMENT

Call in Information:

You can dial in using your phone.

United States: [+1 \(408\) 650-3123](tel:+14086503123)

Lane County Draft STIF Timeline

Pre-Submittal Timeline for STIF Formula Funds, Intercommunity Funds, and Discretionary Funds

December 20, 2019 - Final day for PTSPs to submit projects for STIF Formula Funds

January 8, 2019 - LTD STIF Advisory Committee Meeting to review final projects

January– February – LTD STIF Advisory Committee reviews submitted projects and creates a prioritized project list for STIF Formula Funds

***January 22, 2019* – LTD STIF Advisory Committee Meeting to review final projects**

February 1, 2019 – Public Transportation Service Providers must submit projects to ODOT for Intercommunity and Discretionary Funds

February 5, 2019 – LTD STIF Advisory Committee approves final list of Formula Fund projects to submit to LTD Board

March 5, 2019 – Tentative LTD STIF Advisory Committee Meeting if needed

March 20, 2019 - LTD Board reviews the recommended STIF Plan from the Advisory Committee

March-April 2019 - LTD STIF Advisory Committee and Area Commission on Transportation recommendations due for STIF Intercommunity and Discretionary Funds projects

April 2, 2019 – Tentative LTD STIF Advisory Committee Meeting if needed

April 17, 2019 – LTD Board reviews and finalized prioritized project list to submit to ODOT for STIF Formula Funds

May 1, 2019 – LTD submits STIF Plans to ODOT for Formula Funds

Formula Fund Process after LTD Submits STIF Plan

May - June 2019 – ODOT Review

July 2019 – Public Transportation Advisory Committee Subcommittee Review

August 2019 – Public Transportation Advisory Committee Review and Recommendations

September 2019 – Oregon Transportation Commission Presentation

October 2019 – Oregon Transportation Commission decision; Formula Fund Disbursement to Follow

Intercommunity and Discretionary Fund Process after LTD STIF Advisory Committee Submits Recommendations

May 2019 – Oregon Department of Transportation selection committee review

June 2019 – Public Transportation Advisory Committee review

July 2019 - Oregon Transportation Commission presentation

August 2019 – Oregon Transportation Commission decision

October 1, 2019 – Agreements effective

Formula Fund Project Criteria Review

Advisory Committees are required to review and prioritize Projects proposed by Public Transportation Service Providers (including LTD).

The STIF Plan must specify whether funding is proposed to be allocated to seven areas. Each improvement area is listed below (A-G), followed by one or more examples or descriptions of this type of service improvement.

- A. Increased frequency of bus service schedules in communities with a high percentage of Low-Income Households.
 - a. Example: Increase the frequency of bus service, such as adding more service hours or expanding service to the weekend.
- B. The expansion of bus routes and bus services to reach communities with a high percentage of Low-Income Households.
 - a. Example: Buy an additional bus and fund operations to serve a new area or extend a route to a community with a high percentage of Low-Income Households.
- C. The implementation of programs to reduce fares for public transportation in communities with a high percentage of Low-Income Households:
 - a. Example: A low-income fare program can be developed by partnering with other agencies already screening applicants for federal funds that use the same low-income definition.
- D. The procurement of buses that are powered by natural gas, electricity or other low or no emission propulsion for use in areas with populations of 200,000 or more.
 - a. Example: The Agency encourages Public Transportation Service Providers of all types and sizes to explore opportunities for conversion or expansion of their fleet to natural gas, electricity or other low or no emission methods.
- E. The improvement in the frequency and reliability of service connections between communities inside and outside of the Qualified Entity's service area.
 - a. Example: Public Transportation Service Providers are encouraged to consider origins and destinations both within and outside of a provider's service area, and coordinate to determine cost-effective options for meeting service needs. Providers should consider expanding existing multi-jurisdictional partnerships or forming new ones.
- F. Coordination between Public Transportation Service Providers to reduce fragmentation in the provision of transportation services.

- a. Example: Public Transportation Service Providers may improve coordination and reduce fragmentation of service by providing a universal fare pass to make transferring between services more seamless for users. Improved spatial connectivity between agencies, better timing of transfers to reduce the wait time for bus riders, and regional governance of Public Transportation Service Providers are other options for improving service coordination.
- G. Implementation of programs to provide student transit services for students in grades 9 through 12: Each Qualified Entity is required to spend at least 1 percent of the Formula Fund moneys received each year on student transit services for students in grades 9 through 12, if Practicable. If a Qualified Entity determines it is not Practicable to dedicate at least 1 percent of Formula Fund moneys for this purpose, it must specify the reason it is not Practicable. Practicable means “Public Transportation Services within the Qualified Entity’s area of responsibility that can feasibly and efficiently be used by students in grades 9 through 12 in order to commute to or from school.”
- a. Example: A wide range of activities or services could be offered to meet this requirement. A student bus pass program may be an effective approach in communities with fixed route transit services. Other options could include:
 - i. Adjusting service schedules to better align the bus schedule to allow for improved access to before and after school activities
 - ii. Expanding eligibility for demand response service to include students in grades 9 through 12 in rural communities
 - iii. For Qualified Entities with limited funds, convening meetings with schools and students to identify opportunities for better public transportation for students
 - iv. Reduced fares for students
 - v. Mobility training for students to reduce barriers to using existing services.
 - vi. After school shuttle service

Additionally, the Advisory Committee must consider:

- Whether the Project would maintain an existing, productive service;
- The extent to which the Project goals meet public transportation needs and are a responsible use of public funds; and
- Other factors to be determined by the Qualified Entity or Advisory Committee (for example, geographic equity).

100% List:

Project #1: Increased Bus Service

Description: This project will result in approximately 36,000 hours of additional general public and student service over FY 2020 and 2021.

Project Ranking: 1

Percent In-District: 100%

Percent Out-of-District: 0%

Provider: LTD

Outcomes:

	Task 1	Task 2
Revenue Miles	378,300	114,400
Revenue Hours	28,500	7,500
Rides	967,400	293,500
Number of people within 1/2 mile of transit stops	224,000	149,000
Number of low-income households within 1/2 mile of transit stops	24,100	16,100
Number of new shared transit stops with other providers	-	-
Supports Student Transit	No	Yes
Number of Students with Free or Reduced Lunch		18,000
Number of students attending a school served by transit		18,000
Number of rides provided to students		293,500

Project # 1 Budget:

	Fund Type	2019	2020	2021	Total
