WHAT WE DO

Lane Council of Governments (LCOG) is an independent public agency that is established and supported by its member agencies to coordinate and provide high-quality public services within Lane County, Oregon. The governing body of LCOG is its Board of Directors, comprised of local elected and appointed officials designated to represent member governments and agencies. Our members represent 34 local governments and agencies varying from Lane County to twelve cities, six school districts, one education district, one college, two parks and recreation organizations, three library districts, three utilities, a transit district, two fire districts, ambulance district, and a port.

LCOG is one of the oldest regional councils in the nation, first organized in 1945 under the name Central Lane County Planning Commission. It was reorganized in 1971 under an intergovernmental agreement pursuant to Oregon Revised Statutes Chapter 190 and the name was changed to Lane Council of Governments. LCOG is an independent public agency that is established and supported by its member agencies to coordinate and provide high-quality public services within Lane County, Oregon. The governing body of LCOG is its Board of Directors, comprised of local elected and appointed officials designated to represent member governments and agencies. LCOG does not act under the direction and control of any single governmental entity and has the following characteristics:

- It is governed by a board of directors consisting of one appointed director from each of its 34-member organizations.
- It is a legally separate entity.
- It is fiscally independent of all member organizations and all other local government entities.
- It is vested with all the powers, rights, and duties relating to those functions and activities that are vested by law in each separate party to the intergovernmental agreement.

LCOG is located in Lane County, Oregon, the fourth most populous county in Oregon. LCOG's region is the entire Lane County area. Lane County's population is 374,748. The size of Lane County is approximately 4,554 square miles.

INTRODUCTORY SECTION

Budget Message from the Executive Director FY19 Revised Budget

March 2019

Members of the LCOG Budget Committee and Board of Directors:

I am pleased to present LCOG's proposed FY19 *Revised Budget* for the LCOG Budget Committee and Board of Director's consideration. This *Revised Budget* is a recommended amendment to the budget that was originally adopted by the Board of Directors in June 2018. LCOG develops a *Revised Budget* each fiscal year to adjust to changes which have occurred during the first eight months of the year.

BACKGROUND

Our *Revised Budget* is meant to clearly present changes to show changes to revenues, expenses, and FTE in each fund for the balance of the fiscal year. We have included a detailed explanation for every change in the Financial Section of the proposed *Revised Budget* document.

This fiscal year LCOG is experiencing continued stabilization of its budget, reflecting the smart, and sometimes difficult, decisions made in recent years. As part of LCOG's commitment to the region, LCOG is continuing to evaluate how to keep costs low while continuing to ensure that our programs and activities are effective and efficient in providing excellent public services to the people of our region.

HIGHLIGHTS OF THE REVISIONS TO THE FY19 ADOPTED BUDGET

This proposed *Revised Budget* captures changes in the revenue and expenditure picture of LCOG since the adoption of the FY19 *Adopted Budget*, which is project and contract based. LCOG's budget is normally quite dynamic, so management must adjust staff assignments and work throughout the year as contractual relationships end and new ones are established.

LCOG operates out of three reporting fund types: (1) General Fund; (2) Special Revenue Fund; and (3) Enterprise Fund. The General Fund serves as the primary reporting fund for current operating functions and consists of three managerial funds. The Special Revenue Fund serves as the primary reporting fund for LCOG's two divisions: Government Services and Senior and Disability Services, and has 64 individual managerial funds. The Enterprise Fund accounts for operations that are financed and operated in a manner similar to private business enterprises – where the intent is for the costs of providing goods or services to be financed or recovered primarily through user charges. The direct service areas accounted for in the enterprise fund are: Business Loan Program, Economic Development, Building Management, and Minutes Recorder.

This is a summary of the key changes in the proposed FY19 *Revised Budget*:

Resources – Revenues

- LCOG’s proposed Revised Budget reflects an increase of \$1,878,523 – from \$43,587,791 net Adopted Budget to a net \$45,466,314 proposed Revised Budget. This is a 4.3% increase over the Adopted Budget and represents an expected and reasonable change.
- As shown on page 5, All Funds Schedule of Budgeted Resources and Requirements table, Federal and State revenues were increased by a net \$2,162 as the net result of decreased funding and contracts awarded for Government Services (\$190,580); and a net increase in Senior and Disability Services of \$192,742. Local revenue (minus Member Dues) is increased by a net \$280,222, with a majority of the increase due to new contracts in Government Services. The beginning reserve revenues are increased by a net \$1,261,989, to reflect actuals being greater than what we projected the beginning balance would be in the FY19 adopted budget due primarily to not spending funds in FY17 for the replacement of the telephone system.
- The General Fund share of the total budget revenue change is a net \$124,114 overall increase from the Adopted Budget. This is an expected and reasonable change and is primarily due to higher than expected Member Dues and a transfer from the Minutes Recording Program of higher than anticipated revenues.

Requirements – Expenditures

- The proposed Revised Budget reflects a net increase of \$1,878,523 in expenditures, and matches the increase in revenues.
- As shown on page 5, All Funds Schedule of Budgeted Resources and Requirements table, operating expenditures were increased as follows: Personal Services were decreased by a net of \$131,425; Government Services was decreased by a net of \$224,293. This is primarily a reflection of moving staff from General Planning to contracts and a reduction of leave time. Senior and Disability Services was increased a net of \$166,096, reflecting an unanticipated grant and moving staff to spend down the state allocation. The Enterprise Fund was decreased by a net of \$311, to reflect actuals.
- Materials and Services was increased by a net of \$509,829, consisting in part of a net increase in the General Fund for LCOG’s share of the GISCPA and hiring a consultant for network architect work associated with the telecom project; a net decrease in Government Services of \$216,476; and a net increase in Senior and Disability Services of \$77,032. Capital Outlay was increased by a net of \$342,933, consisting of a net increase in Government Services of \$347,233 due to the telephone system replacement costs and a net decrease of \$3,800 in Senior and Disability Services.
- Services by Other Organizations was decreased a net of \$43,995, with the majority of that decrease due to an Enterprise Fund net decrease of \$28,599, due to fewer new loans in the Business Loans Program; Senior and Disability Services had a net decrease of \$18,396, primarily due to a reduction in needed services.
- Debt service was also increased by a net of \$60,000, to correct payment to USDA which crossed Fiscal Years.

Ending Fund Balance/Contingencies and Reserves

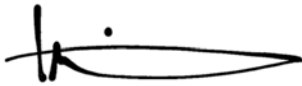

- As shown on page 5, All Funds Schedule of Budgeted Resources and Requirements table, the revised LCOG Ending Reserve amount of \$8,089,915 reflects a net increase of \$452,826.
- General Fund share of the total budget expenditure shows a net increase of \$33,104 in Ending Reserves. For Special Revenue Funds and Enterprise Funds : Government Services had a net decrease in reserves of \$838,489, due primarily to the completion of the telecom replacement project; Senior and Disability Services had a net increase of \$1,100,725, due to unanticipated increased funding and reserves in Type B funding reserved for FY19. Enterprise Funds were increased a net of \$157,485, which is expected and normal when business loans, overall, are not as high as expected. The Park Place Building Ending Reserves were increased by a net \$116,557 due to higher than anticipated lease revenues.

CONCLUSION

I believe the Lane Council of Governments continues to be a valuable resource for its members and the communities of Lane County. LCOG continues to focus efforts to run the organization efficiently, to provide high-value service, and continue to be a valuable resource to its members and the communities we serve. We are in a healthy financial condition and are able to strategically plan for the future of the organization.

A special word of thanks to the LCOG Board, our members, and the Budget Committee for their tremendous support and direction throughout the year. I am also grateful for our dedicated staff who work hard and always provide high-quality services to the region. LCOG continues to operate with a clear plan of maintaining fiscal strength and stability. This *Revised Budget* will enable LCOG to continue to meet the continuous challenges that greet us every day.

Respectfully submitted,

Brendalee S. Wilson
Executive Director

BUDGET NOTES AND DEFINITIONS

For the Fiscal Year Ending June 30, 2019

LCOG operates out of three reporting fund types: (1) General Fund; (2) Special Revenue Fund and (3) Enterprise Fund.

General Fund

The General Fund serves as the primary reporting vehicle for current operating functions. The General Fund, by definition, accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. The General Fund accounts for the general cost of the organization doing business which cannot be paid for by other, more restrictive, funding sources. The LCOG General Fund accounts for central service operations of LCOG including General Administration, Human Resources, Fiscal Services, Information Technology, and Special Projects.

The General Fund has three managerial subfunds: LCOG Board, Indirect, and Member Support Services. LCOG Board accounts for the activities for the Board of Directors and Executive Management of LCOG. The Indirect subfund is similar to an internal service fund where the costs of the expenditures are recovered through direct charging the benefiting funds. Charges supporting the expenditure recovery are based on a federally approved Indirect Cost Allocation Plan. Member Support Services subfund tracks the services and costs we provide member agencies as part of the member's free support hours. Funding for Member Support Services comes from a transfer from the LCOG Operating Fund (provided by member dues revenue).

Special Revenue Fund

The Special Revenue Fund has 50 managerial funds. Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. For LCOG these funds account for revenues from specific sources that include federal grants, state grants, and various local grants and contracts revenue. The direct service areas that are accounted for in the special revenue funds are: Government Services and Senior and Disability Services.

Enterprise Fund

Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises – where the intent is for the costs of providing goods or services to be financed or recovered primarily through user charges. LCOG's Enterprise Fund consists of 11 managerial funds. The direct service areas accounted for in the enterprise fund are: Business Loan Program; Building Management; Economic Development, and Minutes Recorder.

The Business Loan program area has eight managerial funds: Business Services Administration and seven Business Loans program funds.

The Economic Development managerial fund is devoted to Economic Development services.

The Building Management program has one enterprise managerial fund that tracks the activity of the building owned by LCOG – Park Place Building - and includes oversight and management of the building. LCOG also occupies space in the Park Place Building and pays an occupancy fee. Park Place Building also includes leased space.

Lastly, LCOG's Minutes Recorder managerial fund is funded by charges for services.

BUDGET NOTES AND DEFINITIONS, Continued

SERVICE DEFINITIONS

Service: An LCOG organizational unit that is designed to specifically deliver a service. The service is part of the Division but its focus is on service deliverables to our customers. The services include: Board and Executive, Administration, Government Services (GS), Senior & Disability Services (S&DS), Enterprise Funds.

Fund: A legal separate set of books for each fund using generally accepted accounting principles and are in compliance Government Accounting Standards. LCOG has three reporting funds (General Fund; Special Revenue Fund; and Enterprise Fund). Within the reporting funds are 64 managerial funds – 3 general funds, 50 special revenue subfunds, and 11 enterprise subfunds.

Resources: The total of all resources that can be used to offset requirements. Resources are current revenues and carried over revenues (Beginning Fund Balance) in a fund. Currently the categories are:

Beginning Reserves: Beginning reserve balances are either designated balances or undesignated balances.

Designated balances are revenues carried over from the prior year for a specific purpose and are not available for general expenditure. Undesignated balances are revenue carried over from the prior year that is available for any expenditure requirement.

Federal and State Revenue: Revenue from federal and/or state grants and contracts including Transportation, S&DS Long-Term Care and Financial Services, and Business Financing.

Local Revenue: Revenue from local contracts, interest, donations, sales of products and all revenue that is not federal or state. Local revenue also includes Member Dues.

In-Kind Service: Service by other governments that can be used as matching funds on LCOG contracts that require local matching dollars.

Transfers In: Transfers describe the process of internally moving resources from one LCOG division or program to another. Transfers are displayed as a resource for the program receiving the resources and as a requirement for the program providing the resources.

Requirements: The total of all expenditures of a fund. Currently the categories are:

Personal Services: Salary and fringe costs for staff are expressed under the line item heading of Personal Services.

BUDGET NOTES AND DEFINITIONS, Continued

Support Services: Indirect charges/costs are costs that cannot be charged as direct costs to a program. LCOG prepares an annual Indirect Cost Allocation Plan and submits the proposal to the federal cognizant agency (ODOT) for approval. The Plan provides for direct programs and services to share in the general non-direct operating expenses for LCOG. Indirect charges pay for Administrative Services expenses. Additional information about Indirect Cost Allocation Plan can be found in the Supplemental Section of this document.

Materials and Services: Materials and Services include a wide variety of expenses ranging from office supplies to telephones to travel.

Capital Outlay: Costs for purchases that are tangible in nature are recorded initially as capital outlay. A capital purchase is the acquisition of a tangible item that has a useful life of greater than one year and a value greater than \$5,000. These items are placed on LCOG's inventory and treated as assets on the balance sheet.

Services by Other Organizations: Services by Other Organizations accounts for monies that LCOG receives and then passes through to other organizations that provide a specified service (Government Services and Senior & Disability Services) or business loans made (Loans Program).

Debt Service: Payments for principal and interest to amortize loans. Currently loans are the existing building program loan (Park Place Building).

Transfers Out: Transfers describe the process of internally moving resources from one LCOG division or program to another. Transfers are displayed as a resource for the program receiving the resources and as a requirement for the program providing the resources.

Ending Reserves-Designated: Resources that will be carried forward into the next fiscal year that can only be used for a specific contract or purpose.
